Date and time : Tuesday, January 18, 2021

As a commitment to environment management at surrounding company, [Petrokimia Gresik](#) is an Agroindustry Solutions company and member of [Pupuk Indonesia](#) hands assistance in the form of waste container to Environment Agency of Gresik Regency. The assistance was handed over temporary substitute of SVP Technology Petrokimia Gresik, Bambang Ariwibowo represented Director of Petrokimia Gresik to Head of Gresik Environment Agency, Mokh. Najikh, Monday (17/1).

Corporate Secretary of Petrokimia Gresik, Yusuf Wibisono conveyed that this assistance is a collaboration between Petrokimia Gresik and Environment Agency of Gresik to increase the waste management in Gresik. Considering waste always become an issue for urban community. The more people in the city, the more waste generated.

"Petrokimia Gresik has won the Gold Propernas which is the highest award from the Ministry of Environment and Forestry (MoEF) of the Republic of Indonesia in environmental management. This is a motivation for companies and employees to improve program standardization in the environmental field," he said.

Yusuf said that by this addition container is expected can increase the active role of Petrokimia Gresik in Solid Non-Toxic and Hazardous Waste Management at Gresik area, which the home base of Petrokimia Gresik. The container unit can contain 6m³ or cubic meter of waste in once carriage. The non- Toxic and Hazardous waste in question includes household waste, tree cuttings, leaf waste, organic and plastic waste.

At the same occasion, Mokh. Najikh appreciate the concern and active role of Petrokimia Gresik in waste management at Gresik area. This assistance ease the carriage and its management. Therefore, it can decrease the problem in waste management.

"Hopefully Petrokimia Gresik and Environment Agency can continue to collaborate so that this collaboration can support Gresik Regency Government programs well," he concluded.

As information, Petrokimia Gresik has strong commitment in waste management. Previous, Petrokimia Gresik had run a campaign "Cerdas Berplastik" which an effort of company in decreasing the plastic waste. Phrase "Cerdas Berplastik" chosen because its true that we still can not free from plastic use. Currently, plastic is the most efficient and inexpensive packaging material. But its use must be wise.
