

PRESS RELEASE

Petrokimia Gresik Distributes Basic Food Packages and Medicine Aid Worth 100 Million Rupiah for Earthquake Victims in Cianjur

Number : 97/SP/PG/XI/2022
Day / Date : Thursday, November 24, 2022

Petrokimia Gresik, a member of the Pupuk Indonesia holding company Agroindustry Solutions, through its Social and Environmental Responsibility (TJSL) program, has distributed basic food packages, medicines, and other aid worth IDR 100 million (approximately USD 7,100) to earthquake disaster victims in Cianjur, West Java. The aid was handed over through the Cugenang Post, on Wednesday (11/23).

Separately, the CEO of Petrokimia Gresik, Dwi Satriyo Annurogo, stated that recently, Indonesia has been mourning due to the occurrence of disasters in various areas. Petrokimia Gresik through its "Petrokimia Gresik Care & Share " program is present to help ease the burden of the victims.

"Although the company's operational area is in Gresik, Petrokimia Gresik sympathizes with what our fellow natural disaster victims are experiencing in various parts of the country, including our friends in Cianjur," Dwi Satriyo said.

The aid provided by Petrokimia Gresik has been coordinated with the State-Owned Enterprise Disaster Task Force (Satgas Bencana BUMN), which was initiated by the Minister of State-Owned Enterprises of the Republic of Indonesia, Erick Thohir. The details include a total of 3.8 tons of rice, 250 cartons of mineral water, 200 cartons of instant noodles, 1.8 quintals of eggs, medicines, 100 pampers, and other disaster victim needs with a total value of IDR 100 million.

"This aid may not be able to meet all the needs of the victims, but we hope that with this assistance, it can reduce the burden and help speed up the recovery of earthquake disaster victims in Cianjur," Dwi Satriyo said.

Meanwhile, for distribution, Petrokimia Gresik synergizes with Pupuk Kujang Cikampek, which is also a subsidiary of Pupuk Indonesia. The operational area of Pupuk Kujang Cikampek is closer to the disaster location, so the aid can be distributed quickly.

"As part of a state-owned enterprise, we must care about the surrounding environment, including being committed to being present among the community, such as in the midst of the sorrow experienced by the Cianjur community. Hopefully, the victims will be given strength and can recover quickly," Dwi Satriyo concluded.
