

**COMPLETE THE SURGE OF COVID-19 CASES, PETROKIMIA GRESIK HELP
ACTIVATE THE INTEGRATED ISOLATION FACILITY FOR THE LAMONGAN BABAT
COMMUNITY**

Number : 9/PR/PG/II/2022
Day / Date : Tuesday, February 22, 2022

Along with the surge in Covid-19 cases in Babat Subdistrict, Lamongan Regency, [Petrokimia Gresik](#) in collaboration with the Covid-19 Task Force of Babat Subdistrict has reactivated a centralized isolation facility in Bedahan Village, Babat Subdistrict, Lamongan Regency, East Java, as of Monday (21/02).

Petrokimia Gresik Corporate Secretary (Corsec) Yusuf Wibisono said, in helping the government deal with Covid-19, Petrokimia Gresik who is also the Coordinator of the National Disaster Response Task Force for the East Java SOE Region has committed not only to protecting employees, but also the wider community. Mainly in the community who live at company's operational areas, one of which is in the Babat District, which is the homebase of Petrokimia Gresik's Water Purification Installation.

"In this case, we utilize the housing facilities of the Petrokimia Gresik office located in Babat District as an centralized isolation," said Yusuf.

In addition to providing two housing units with a capacity of 20 beds, Petrokimia Gresik also provided masks and hand sanitizers. Meanwhile, other supporting facilities for the centralized isolation procedure were facilitated by the Babat District Covid-19 Task Force.

"Hopefully this centralized isolation facility can help suppress the transmission of Covid-19 in the Lamongan community, especially Babat District," said Yusuf.

Furthermore, Yusuf hopes that the public will not be careless in implementing health protocols to prevent the contagion of Covid-19, as well as being proactive in participating in the vaccination program run by the government.

Separately, the Head of Babat Sub-district, Johny Indrianto Firmansyah, told the media crew that the centralized isolation facility was an effort by the Babat sub-district government together with Petrokimia Gresik to reduce the potential for transmission to close contacts.

Considering that currently there is a significant increase in cases in line with Omicron's findings in Lamongan, especially in Babat District. Therefore, his party appreciates Petrokimia Gresik's concern for the people of Babat.
