

**PETROKIMIA GRESIK GIVE PPE AND MEDICINES  
FOR FOUR HOSPITAL IN EAST JAVA**

Number : 23/SP/PG/IV/2020  
Day & Date : Saturday, 11 April 2020  
Place : Gresik  
Event : Handover of PPE and Medicines for four hospitals and East Java SOE Task Force of Covid-19

Petrokimia Gresik is an Agroindustry Solution and holding member of Pupuk Indonesia give aids in the form of Personal Protective Equipment (PPE) and medicines to the four hospitals and two post of SOE Task Force Response to Covid-19 in East Java.

President Director of Petrokimia Gresik, Rahmad Pribadi conveyed that this activity is a form of company support to the SOEs Ministry program to minimize the contagion of Coronavirus Disease (Covid-19).

The aids were handed over in Command Center Post of SOE Response to Covid-19 in Tri Dharma Petrokimia Gresik, Saturday (11/4). The aids were handed over through PT Nusantara Sebelas Medika (NSM) and East Java SOE's Task Force Response to Covid-19.

"PT NSM and East Java SOE's Task Force Response to Covid-19 will distribute it to the four hospitals and two SOE post in East Java," said Rahmad.

The fourth hospital are Lavallete Hospital (Malang City), Wonolangan Hospital (Probolinggo), Djatiroto Hospital (Lumajang), Elizabeth Hospital (Situbondo). PT NSM itself is a subsidiary company from PT Perkebunan Nusantara (PTPN) XI which run in medical sector.

"While, the SOE Task Force of Covid-19 will continue the aid to the SOE PPost in Pesonna Surabaya Hotel and Selorejo Malang Hotel," explained Rahmad.

The PPE which was handed over by Petrokimia Gresik were consisting 25 boxes of surgical masker, 4 boxes of clover, 100 sets of protecting clothes, 50 pairs of boots, and 50 pieces of face shield and helmet for each hospital and post.

"The needs of PPE are very crucial lately, especially for medical personnel. Moreover, we heard that the stocks are getting more limited," said Rahmad.

While the medicines which given were 60 tablets of Oseltamivir 78 mg for influenza, and 2.000 tablets of Azithromycin 500 mg to handle one of respiratory tracts infection.

"These medicines is already suitable with the instruction of corporate doctor team," said Rahmad.

Rahmad explained that this effort is a form of follow-up of the instructions from SOEs Ministry. Petrokimia Gresik is appointed as East Java Task Force Coordinator of Covid-19.

Therefore, his parties put serious concern to the effort of Covid-19 prevention in East Java. Moreover, East Java is a national rice barn with high fertilizer uptake, but it is included in the provinces with the most positive Covid-19 patients after DKI Jakarta and West Java Provinces.

“This Covid-19 Pandemic affected almost all sector in Indonesia. The handling is must cover all sector comprehensively,” explained Rahmad.

In this occasion, Rahmad invite community to minimalize the not important outdoor activities. Rahmad hopes that this disease can be end soon and all community activities can run normally as before.
