Petrokimia Gresik is a company of agroindustry solution and the holding member of Pupuk Indonesia as well as the Task Force Coordinator Response To Coronavirus Disease 2019 (COVID-19) East Java State-Owned Enterprises (SOEs) began sending aid to anticipate the spread and contagion of COVID-19 to the SOEs Post in Selorejo Hotel Malang Regency and Pesonna Hotel Surabaya, Friday (3/27).

Corporate Secretary of Petrokimia Gresik, Yusuf Wibisono explained that Petrokimia Gresik is appointed by SOEs Ministry become the SOEs Task Force Coordinator Response to COVID-19 in East Java. This Task Force is involving all SOEs which the office or branch office in East Java. As a Coordinator, Petrokimia Gresik has arranged seven action plans which will be carried out by all SOEs.

"This first distribution is the realization of the action plan which has been agreed. Distribution will be carried out in step by step to other posts," said Yusuf.

While tools and materials which is delivered today are two chambers, 2 tents, 380 bottles of hand sanitizer, disinfectant for chamber as much as 100 liter, 1.000 disinfectant and six boxes of mask.

The action plan will be carried out by the East Java SOE COVID-19 Response Task Force that are, First, to build SOEs Posts in seven points, including Lavalette Hospital in Malang, PHC Hospital in Surabaya, Selorejo Hotel in Malang Regency, Pesonna Hotel in Surabaya, Wonolangan Hospital in Probolinggo Regency , Djatiroto Lumajang Hospital, and Elizabeth Situbondo Hospital.

"To realize it, Petrokimia Gresik is coordinating with the Ministry of SOEs and the Provincial Government of East Java, the Regional Disaster Management Agency and other agencies related to the role of the COVID-19 Handling Task Force by SOEs in East Java," explained Yusuf.

Second, Build Data Center of COVID-19 and Disaster Response Information System as a form of monitoring so that SOEs can quickly respond to conditions or developments in information related to handling this virus.

Third, Arranging, producing and distributing pocket book or brochure related to the prevention of COVID-19, as a socialization and education to community.

Fourth, procurement and distribution of Personal Protective Equipment (PPE) for health workers in East Java in the form of masks, gloves, anti-virus clothing, face shields, boots, and etc.

Fifth, producing and distributing hand sanitizer and disinfectant also the sprayer.

"We are producing disinfectant independently which appropriate with WHO standard, and we are ready to distribute it," said Yusuf.

Sixth, socializing and educating the community through various media platforms, as well as disinfecting spraying in collaboration with the Regency Government or related agencies in each region, and involving the role of mass media.

Last is distributing rapid test kit which is provided by Government.

“We know that COVID-19 has been become a pandemic that impacting all sector in Indonesia. As a SOEs presence for The Country, Petrokimia Gresik support government in prevent the contagion of COVID-19 throuh this Task Force,” said Yusuf.

He hopes that all efforts which is carried out by Petrokimia Gresik can help government in pressing the contagion of COVID-19, especially in East Java.

As the coordinator of the East Java region, we are ready to oversee and assist the government and work together with other parties in handling this COVID-19 outbreak, "concluded Yusuf.
