

## **CORONA AWARE PETROKIMIA GRESIK EDUCATE 32 CADRES OF HEALTH VILLAGE**

Number : 11/SP/PG/III/2020  
Day & Date : Wednesday, 4 March 2020  
Place : Gresik  
Event : Healthy Village Cadre School

Petrokimia Gresik is a company of agroindustry solution and the holding member of Pupuk Indonesia cooperating with Grha Husada Hospital held program called “Sekolah Kader Kampung Sehat” or Healthy Village Cadre School.

There are 32 village representatives around the company were educated to become Healthy Village Cadres through this program. The event was opened by the Director of Grha Husada Hospital, Dr. Dian Ayu Lukitasari, Head of the Healthy Village Cadre School, dr. Koes Maureen Yoshinaga, and CSR Manager Petrokimia Gresik, Luqman Harun, represented the President Director of Petrokimia Gresik, Rahmad Pribadi, Wednesday (4/3) at Grha Husada Hospital.

Rahmad explained that Healthy Village Cadre School is a form of Petrokimia Gresik’s concern to the community development, especially through sharing knowledge to health cadres so they can be beneficial for community.

“This is enrichment from Healthy Village program which carried out by company in every year and an effort to increase the indicator value of Healthy Village surrounding company” said Rahmad.

Rahmad revealed, in the midst of mass hysteria that occurred in the community due to the spread of the Corona virus, Petrokimia Gresik as a state-owned company has the responsibility to educate the public by providing appropriate information and training.

“This become important, considering the spread of the Corona virus according to official statements from government has entered in Indonesia,” added Rahmad.

Healthy Village Cadre School is held over a two-month period, which is every Wednesday or eight meetings. The presenters in this school are doctors from Grha Husada Hospital who are competent in their fields. The material provided included the concept of healthy sickness, vital sign of the body, how to wash hands according to WHO as Corona alert education in the community.

The next material which given to participants was the procedure of using fire extinguishers and handling of burns at home; introduction of Basic Life Support and the use of Personal Protective Equipment (PPE); balanced nutrition and a healthy family menu; drug use and storage as well as the introduction of drug codes and indents; sexual health and introduction of breast self-examination; introduction of not contagious diseases and wound care of diabetes mellitus; and the introduction of tuberculosis and its prevention and treatment.

While attending the school, increasing cadres knowledge will be measured through post-test and pre-test. At the 6th week of school, the cadres will also go to the field to coordinate the implementation of health counseling for Woman Organization called PKK in their respective neighborhoods.

After attending education, the cadres will be confirmed as Healthy Village Cadre who will assist in the implementation of gymnastics, supplementary feeding at “Posyandu” and

several other activities as an effort to improve public health in collaboration with Petrokimia Gresik.

Rahmad conveyed that this program got support from all health center around the company. They also appreciate the commitment of Petrokima Gresik in increasing value of indicator Healthy Family around the company.

"We hope that in the future the Healthy Village Cadre can become the front guard as a partner of Petrokimia Gresik in terms of improving the quality of healthy family in the environment around the company," said Rahmad.
