Event : Handover of Assistance to the Community Around the Company

Petrokimia Gresik is an Agroindustry Solution company, a member of Pupuk Indonesia holding company, distributed assistance of Corporate Social Responsibility (CSR) worth Rp1.1 billion to the community around the company through a series of activities "**Safari Ramadan: Petrokimia Gresik Cares & Share**" for 3 (three) days, 4 - 6 May 2021, in 8 (eight) villages around the company.

The assistance provided was in the form of operational money for 15 mosques and 68 *mushala*, as well as 4,976 basic food packages containing rice, sugar, cooking oil and vitamins for the people of Roomo, Tlogopojok, Karangturi, Karangpoh, Ngipik, Sukorame, Lumpur and Kroman Villages.

President Director of Petrokimia Gresik, Dwi Satriyo Annurogo revealed that the success and development of the company today can be realized, apart from the optimal performance of Petrokimia Gresik personnel, also thanks to the support and prayers of *stakeholders* and the community.

"This program is a form of Petrokimia Gresik's commitment to grow and develop together with the community. Because the presence of the company must be able to have a sustainable good impact on the community," said Dwi Satriyo after handing over the assistance to Ngipik Village, Thursday (6/5).

In addition, these 4,976 basic food packages are also a symbol of the age of Petrokimia Gresik, which will reach 49 years on July 10, 2021 and the 76th Anniversary of the Independence of the Republic of Indonesia on August 17, 2021.

"This is also a form of gratitude for the company that has been able to face various challenges and changes from time to time, including continuing to grow in the midst of the Covid-19 outbreak," Dwi Satriyo added.

Furthermore, Dwi Satriyo hopes that the program "**Safari Ramadan: Petrokimia Gresik Cares & Share**" can further strengthen the relationship between Petrokimia Gresik and the community, so that they are able to support each another.

Dwi Satriyo realizes that as a corporate entity, Petrokimia Gresik has limitations. Even though this assistance has not been able to meet the needs of the entire community, at least this assistance can alleviate and become a media for the company to share happiness in welcoming Eid al-Fitr 1442 H.

"Hopefully the company can run the **Petrokimia Gresik Cares & Share** program regularly, so that the presence and benefits provided by the company can reach more people," he concluded.
