

Name: _____ Date: _____

Two chimpanzees escaped from Edinburgh zoo. The line graph shows the distance they travelled from the zoo over a 9 hour period. Use the graph to answer the questions.

Lenny

Alf

How much further did Alf travel than Lenny between 7am and 8am?

How far did Lenny travel between 9am and 12pm?

At what times was Lenny exactly 45km from the zoo?

How far did Alf travel between 12pm and 3pm?

At which hour is Lenny further away from the zoo than Alf?

Between what two hours did both monkeys each travel 15km?

What do you think Alf does between 10am and 11am?

Which monkey returns to the zoo? How do you know?
