

Name: _____ Date: _____

Use the data below to draw a line graph showing the number of passengers that use the No.58 bus to travel to Shopping Heaven Retail Outlet over the course of one weekday.

Notes:

Time	No. of passengers
8am	48
10am	36
12pm	28
2pm	21
4pm	30
6pm	44
8pm	12

Use your line graph to answer the following questions.

Which two times were the busiest on the bus? Why do you think this is?

Estimate how many passengers might have been travelling on the bus at 9am.

What do you think this line graph might look like for data collected on a Sunday? Explain your reasoning.
