In	vestigating	Rivers								
G	Group: Year: Term:									
	Geography									
-	Do children understand v	why the water cycle is an	important process on our planet?							
Lesson	Do children understand t	he steps involved in the	water cycle?							
Le	Can children explain the	water cycle in their own	words?							
2	Can children explain wha	ıt a river is?								
Lesson	Do children know some o	of the features of a river?								
Le	Can children explain the	nsportation and deposition?								
33	Can children describe so	me river uses?								
Lesson	Can children use second	formation?								
Le	Can children support the	nd specific data?								
4	Do children understand s	some of the causes of wa	ter pollution?							
Lesson	Do children understand t	he effect water pollution	has on the environment?							
Le	Are children able to think	c about wat <mark>er</mark> pollution c	n local and global scales?							
5 -	Can children ask geograp	ohical ques <mark>tions</mark> ?								
Lesson 5	Can children use second	ary sources <mark>of informatic</mark>	n to find out answers to specific questions?							
a	Can children use the inte	rnet to help them with a	geographical enquiry?		9		- 1			
9 (Can children choose a lir	ne of enquiry for an inves	tigation?							
Lesson 6	Can children use second	ary sources to find answ	ers to geographical questions?							
Le	Can children choose a su	itable way to present th	ir findings?							

South America									
Group: Year: Term:									
	Geography								
7	Can children locate the continent of South America on a world map?								
Lesson	Can children name the countries of South America?								
Ë	Can children identify the countries of South America on a map?								
1 2	Do children know that different parts of the world have different climates?								
Lesson	Can children name and locate some of the different climates in South America?								
Les	Can children describe some of the different climates in South America?								
3	Do children know that the Andes run the length of South America?								
Lesson	Do children know how the Andes were formed?								
Fe	Do children know some of the ways in which the Andes are used?								
4 ر	Can children describe the difference between human and physical geography?								
Lesson	Can children describe some aspects of the human geography of South America?								
Fé	Can children present their findings in a variety of ways?								
5 (Do children know what world trade is?								
Lesson	Can children name some of the biggest expo <mark>rts of</mark> South America?								
Fe	Can children identify some of the main industries in various South American countries?								
6 ر	Can children use a variety of sources of information to find out about a specific South American country?								
Lesson	Can children select appropriate facts, figures and images to include in their work?								
Fe	Can children present geographical information in a variety of ways?	- 1				3			
7 ر	Can children name a key difference or similarity between the UK and a region of South America's human geography?								
Lesson	Can children name a key difference or similarity between the UK and a region of South America's physical geography?								
Les	Can children provide a feasible explanation of one of these similarities or differences?								

Cross-curricular Assessment Grid : Extreme Earth

					_						
		7	Know that places in the world near the equator are generally hot.								
	ı	Lesson	Do children know that the coldest places in the world are by the poles?								
	Ŀ	ٽ	Can children describe how climate and weather varies around the world?								
		2 ر	Know that all the water in the world moves in a continuous cycle.								
	ı	Lesson	Can children describe the different stages of the water cycle?								
	L	ت	Can children describe what a drought is and how they are caused?								
		3 ر	Can children identify and name examples of extreme weather?								
>		Lesson	Explain why some of these examples of extreme weather occur.								
ヘロロマロンしょう	ξ .	ٽ	Communicate their knowledge of extreme weather in a variety of ways.								
֡֞֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֓֡֓֓֓֡֓֓֡֓֓֡֓֓	5	4	Do children know what causes earthquakes?								
טבי	5	esson	Know that some places in the world are more prone to earthquakes than others?								
	L	_	Can children use maps to identify areas that are prone to earthquakes?								
		5	Know that a tsunami is caused by movement of tectonic plates.								
		Lesson	Can children describe the effects of a tsunami?								
	1	۳	Can children identify areas of high risk on a world map?								
		9	Do children know why volcanoes erupt?	<u> </u>			8	B			
		Lesson	Can children convey their knowledge of volcanoes in a variety of ways?								
		Le	Describe volcanoes using geographical and descriptive language.
