

Greenpeace Africa is looking to rotate audit firms after the current auditors served their 5 year appointment period. We have branch offices in Senegal, Cameroon, the DRC and Kenya with main administrative offices in South Africa. Our year end is 31 December.

Additional information, including prior audited financial statements, is available online at <https://www.greenpeace.org/africa/en/about-us-2/> and interested firms can submit their proposals to [gcombrin@greenpeace.org](mailto:gcombrin@greenpeace.org)

Audit firms will be evaluated based on NGO experience, number and experience of auditors on staff, clients on the SUN accounting system, value added services, audit approach including the use of CAAT, and their fee estimate breakdown per staff seniority.

The closing date for submissions is 3 July 2020.
