

TAKE PART IN THE GLOBAL REFILL WEEK!

From November 6th to 13th, take part in the **#ReuseRevolution** across the globe and join forces during the Global Refill Week to show supermarkets and big brands that we are done with their throwaway model and that we are ready for real solutions.

WHAT TO DO?

1 Take your reusable container to a supermarket, coffee shop, or restaurant, and ask for it to be filled with the food or drink of your choice.

2 Was your container filled or not? Take a photo after you asked.

3 Share the photos on social media using the hashtags below and be sure to tag the company praising or shaming!

SHARE YOUR MESSAGE!

SUGGESTED MESSAGES

Hey **@coffeeshop**, thank you for filling my reusable container so I can avoid plastic. Now please make a plan to fully join the **#ReuseRevolution** and ditch throwaway packaging altogether. **#BreakFreeFromPlastic**

Hey **@retailer**, it's ridiculous that I can't fill my reusable container at your store so I can avoid harmful plastic. It's time to change that, make a plan to fully join the **#ReuseRevolution** and ditch throwaway packaging! **#BreakFreeFromPlastic**

Another option could be to hand a letter to the customer service representative or directly to the store manager, to let them know that you want their company to ditch single-use packaging and to invest in reuse and refill options.
