

Document S4. Map of 25 ecoregions in which California Condors were observed in reasonable numbers to quantify meteorological parameters in the study. Numbers correspond to ecoregions listed in Table 1, and the white polygon outlines the historic California Condor range based on USFWS (1996). Abbreviations: VWS = Ventana Wildlife Society, PNM = Pinnacles National Monument, BCNWR = Bitter Creek National Wildlife Refuge, HMNWR = Hopper Mountain National Wildlife Refuge.
