

Correction

Correction: Methylation of *BRCA1* promoter region is associated with unfavorable prognosis in women with early-stage breast cancer

The PLOS ONE Staff

There is an error in the penultimate sentence of the Abstract. The correct sentence is: Multivariate analysis which incorporated variables of patients' age, tumor size, grade, and lymph node metastasis revealed that *BRCA1* promoter methylation was associated with overall survival ($p = 0.027$; hazard ratio, 16.38) and disease-free survival ($p = 0.003$; hazard ratio, 12.19).
