Views of Social Media for Educational Use in Healthcare

The goal of this survey is to gain insight regarding the perception of social media and its role in health care. This is a voluntary survey aimed at the healthcare professional practitioner/academia/administration population. You are being asked to participate in this study because you meet these requirements. Please complete the survey below to all questions that apply to you and your social media use. Thank you for your time.

Be sure to enter your email at the end of the survey for a chance to win a $50 Amazon gift card.

Definitions:

Social use of social media: any action related to personal interests/information outside of the healthcare field (e.g. posting pictures from a dinner party, liking posts of movies coming soon).

Educational use of social media: defined as anything regarding the healthcare field that you deem as knowledgable and useful information for the field (e.g. accessing journal articles, reading drug updates).

What is/are your primary professional role(s)?
(Please select all that apply)
- Student
- Resident
- Administrator
- Pharmacist
- Registered Nurse
- Attending Physician
- Physician Assistant
- Nurse Practitioner
- Other

How are you using Facebook for educational reasons? (Please select all that apply)

- Passively reading information
- Posting original content
- Commenting on existing content
- Educational chat/discussions forums
- Healthcare agency alerts (e.g. FDA, CDC)
- Healthcare Journal alerts (e.g. JAMA, table of contents)
- Sharing/Exchanging ideas with other professionals
- Research collaboration
- Following conference highlights (e.g. event hashtags)
- Other

If other please explain.
How are you using Twitter for educational reasons? (Please select all that apply)

☐ Passively reading information
☐ Posting original content
☐ Commenting on existing content
☐ Educational chat/discussions forums
☐ Healthcare agency alerts (e.g. FDA, CDC)
☐ Healthcare Journal alerts (e.g. JAMA, table of contents)
☐ Sharing/Exchanging ideas with other professionals
☐ Research collaboration
☐ Following conference highlights (e.g. event hashtags)
☐ Other

If other please explain.

How are you using LinkedIn for educational reasons? (Please select all that apply)

☐ Passively reading information
☐ Posting original content
☐ Commenting on existing content
☐ Educational chat/discussions forums
☐ Healthcare agency alerts (e.g. FDA, CDC)
☐ Healthcare Journal alerts (e.g. JAMA, table of contents)
☐ Sharing/Exchanging ideas with other professionals
☐ Research collaboration
☐ Following conference highlights (e.g. event hashtags)
☐ Other

If other please explain.

How are you using Snapchat for educational reasons? (Please select all that apply)

☐ Passively reading information
☐ Posting original content
☐ Commenting on existing content
☐ Educational chat/discussions forums
☐ Healthcare agency alerts (e.g. FDA, CDC)
☐ Healthcare Journal alerts (e.g. JAMA, table of contents)
☐ Sharing/Exchanging ideas with other professionals
☐ Research collaboration
☐ Following conference highlights (e.g. event hashtags)
☐ Other

If other please explain.

How are you using Google+ for educational reasons? (Please select all that apply)

☐ Passively reading information
☐ Posting original content
☐ Commenting on existing content
☐ Educational chat/discussions forums
☐ Healthcare agency alerts (e.g. FDA, CDC)
☐ Healthcare Journal alerts (e.g. JAMA, table of contents)
