No
Don’t know

Cancer (being treated)
Yes
I would say my physical condition is:
Poor
Average
Good

**Translation of the relevant part of the follow-up questionnaire (July-October 2020)**

Check off every symptom that you have had over the course of the last three weeks:
Multiple answers are possible.

- Fever
- High fever (over 39)
- Shortness of breath
- Cough
- Tiredness/exhaustion
- Muscle pains Sore throat
- Impaired sense of smell/taste
- Blocked or runny nose
- Headache
- Stomach pains/nausea/diarrhoea
- Other symptoms
- No symptoms

**Compared to one year ago, how would you rate your health in general now?**

- Much better now than one year ago
- Somewhat better now than one year ago
- About the same
- Somewhat worse now than one year ago
- Much worse now than one year ago

This question was dichotomized in the logistic regression models and “A bit worse” and “A lot worse” were grouped together.
