

Table S2

Locations of maximum mallard counts obtained at each of 93 locations across Europe between 1990 and 2003 [32], and locations of mid-January waterbird counts obtained in Rhône-Alpes (eastern France) between 1993 and 2008, and in Switzerland between 2002 and 2007 (available online at <http://coraregion.free.fr> and www.vogelwarte.ch, respectively). IWC: International Waterbird Census
