- A. The University affirms the right to examine and discuss all questions of interest and to express opinions publicly and privately. Members of the University community should always be free to support causes by orderly means that do not disrupt the regular and essential operations of the institution. This [form \(https://cglink.me/2cN/s22989\)](https://cglink.me/2cN/s22989) can be used to reserve outside space for Free Speech purposes. While all indoor space has to be reserved by a sponsoring student organization or department, outside space for the purpose of Free Speech can be reserved and sponsored by individual students to express a viewpoint. Students or organizations sponsoring Free Speech events must be present and at the event during time reserved.
