Forms & Reports

The University of Wisconsin-Eau Claire is committed to listening and responding appropriately to student and employee concerns. The following links contain information about complaint and report policies, how to report issues of concern, and the procedures for filing a complaint or report.

When a grievance, complaint, or report is filed, staff in the Dean of Students Office collaborate with personnel in the appropriate division to respond with actions to address individual needs. We monitor trends in grievances, reports and complaints, and either implement or recommend changes to policy, practice, or programming as needed.
