

# Culinary Creations

*Featuring Chris Bolton, Director of Culinary Services*

Join us for an afternoon of learning, great conversation and delicious cuisine! Chef Chris will share more about the culinary program here at Artis Senior Living of Potomac. We'll host a "Time to Dish" session with you to demonstrate how we bring residents into the culinary process and give them a meaningful way to contribute their ideas for desired menus and features.

Family members of current residents will join us as well, so you'll have an opportunity to engage in meaningful discussion. Lunch will feature one of our residents' favorites: broiled salmon, roasted vegetables, and apple pie for dessert. Can you say "à la mode?" We look forward to hosting you!
