

Age Range:
6 months – 5 years

Unit Size:
5' 7"W x 5' 11"L x 6' 2" H

Footprint:
5' 7" x 5' 11"

Weight:
285 lbs

Mounting:
Surface or In-ground

Happy Hollow is the newest, greatest thing for toddlers and young children, ages 2-5. This whimsical structure takes kids on a journey of growth and development, transforming them from a caterpillar to a butterfly as they grow and learn with Happy Hollow.

Children will experience a plethora of audio, visual, and kinesthetic sensory play that will be with them as they grow and develop.

It will stay strong against reasonable weather. The floor is slightly curved to prevent water from pooling after rain.

Children will grow social development and peer connection as they work and play together.
