TWO SIMPLE WAYS TO AVOID GMOs

CHOOSE ORGANIC!

USDA organic standards prohibit the use of GMOs in farming and food processing. Products with the USDA Organic seal are also free from growth hormones and antibiotics, as well as synthetic fertilizers and pesticides.

LOOK FOR THE BUTTERFLY!

The Non-GMO Project is a non-profit organization committed to preserving and building the non-GMO food supply, educating consumers, and providing verified non-GMO choices.

DID YOU KNOW?

Only 1% of farmland in the U.S. is organic and there is a three-year transition period farmers must follow to convert their farms to organic.
