

Especificaciones (Luminarias de Serie)

|                                                                                     |                               |                  |
|-------------------------------------------------------------------------------------|-------------------------------|------------------|
|    | Tensión (V)                   | 230V             |
|    | Regulación                    | No               |
|    | Temperatura de color          | 3000K            |
|    | CRI Índice de repr. cromática | >80              |
|    | Dimensiones                   | 90x90x44mm       |
|    | Posición de montaje           | Empotrado Techo  |
|    | Temp. de funcionamiento       | -                |
|   | Flujo luminoso (lm)           | 677lm            |
|  | Aislamiento eléctrico         | CII              |
|  | Vida útil                     | (L70B50>)25.000h |

| Referencias                                                                       |    |              |                |                                                                                   |                                                                                     |                                                                                     |  |
