

# PRINT.WORK

## ENVIRONMENTAL FACT SHEET

At PRINT.WORK, we believe businesses can do more to curb environmental damage, particularly the damage caused by deforestation. If more of us made a switch to recycled papers, alongside paper born from sustainable, responsible forestry, we could reduce the demand for badly sourced, environmentally damaging paper stocks. This would help to reduce the rate in which forests are being destroyed.

Alongside our commitment to run PRINT.WORK with as little of an environmental dent as possible, we've made it our mission to promote this idea as a mindset for our customers.

<p><b>PAPERS</b></p> <p>All of our stock papers are 100% recycled. Our special papers are made from between 20% and 60% recycled content and are sourced from FSC certified mills.</p> <ul style="list-style-type: none"><li>● 100% recycled.</li><li>● Responsibly sourced.</li></ul>	<p><b>INKS</b></p> <p>The inks we use are non toxic and food safe. All 4 inks are made with organic pigments, and comply with standard de-inking and recycling practices.</p> <ul style="list-style-type: none"><li>● non toxic &amp; food safe.</li><li>● de-inking compatible.</li></ul>	<p><b>PACKAGING</b></p> <p>All of our packaging is 100% recycleable and made from FSC MIX or 100% recycled materials. We do not use single use or hard to recycle materials.</p> <ul style="list-style-type: none"><li>● Plastic free.</li><li>● 100% recyclable.</li></ul>
<p><b>ADHESIVES / LINERS</b></p> <p>Adhesives in our sticker sheets are solvent free, water based acrylic.</p> <p><small>Backing liners are made from siliconised kraft stock rather than Polyurethane. Kraft stock is made from recycled content and siliconised kraft liner is recycled at some plants, but check locally. Silicone is considered inert and non toxic.</small></p> <ul style="list-style-type: none"><li>● Low VOC content.</li><li>● Recycling compatible adhesives.</li></ul>	<p><b>OTHER</b></p> <p>We do not use coated or hard to recycle materials in any of our production processes, and regularly donate to carbon offset charities.</p> <ul style="list-style-type: none"><li>● Carbon offset.</li></ul>	<p><b>ENERGY</b></p> <p>Our warehouse and offices run on 100% renewable electricity (solar, wind, and hydro). Our gas usage is carbon offset.</p> <ul style="list-style-type: none"><li>● 100% renewable.</li><li>● Carbon offset.</li></ul>
