

**UPDATED PBR
POINTS SYSTEM 2020**

THE **UPDATED** 2020 POINTS SYSTEM

In reviewing the updated 2020 points system for all PBR tours, you'll notice a few changes:

- The points are at much lower values. This makes for a simpler view, enhancing everyone's (athletes, fans, broadcasters, etc.) understanding of where the points are going and why.
- More places are awarded points in the round.
- More points added (in relative terms) to the 15/15s.
- More points available at the PBR World Finals relative to all other events.
- A larger weight of points are being given further down in the aggregate. For, example, 6th place in the 2020 point system receives 15% of the points given to the place, while in the 2019 point system 6th place received 11.25%.

The system stays true to the idea that the higher the placing in the round, the higher the reward. However, compared to the 2019 system, it now also rewards a bull rider who covers a bull, and finishes lower in the round.
