LESIA MYKHNIUK

Lesia Mykhniuk (b. 1999, Ivano-Frankivsk, Ukraine) is a Ukrainian visual artist working with figurative imagery.

Her practice explores memory, human connection, and the quiet power of care. Drawing on personal stories, family, culture, and faith, she reflects on the experiences and relationships that shape our sense of self and belonging.

Animals and human figures are central to her visual language, symbolising innocence, empathy, and spiritual resilience. Through soft and evocative imagery, she weaves together personal narratives and shared experiences, exploring the subtle bonds that connect us to one another and the world around us.
