Who I Am

I'm Rahmello — independent music artist, digital visual artist, and the architect behind the Rahmello Dynasty brand. Based in Schenectady / Albany, NY, originally from NYC. I operate across two distinct creative brands with a combined catalog spanning music, visual art, and merchandise — all built independently with zero label backing.

My work lives at the intersection of street culture, cinematic aesthetics, and raw survival-themed storytelling. I don't just make art — I build brands with identity, infrastructure, and intent.

Music

RS7 Affiliates is the music brand. The sound is street cinematic — atmospheric, grimy production with raw survival-themed lyricism. Vocal delivery is cold, monotone, and deliberate, influenced by Prodigy, Mobb Deep, and the Griselda school. Production is Daringer-influenced cinematic boom bap: dark orchestral strings, vinyl crackle, minor key tension.
