

LOGS IN

wall light, LED, 2000 K-3000 K Dim to Warm, white

The distinctive LED UP/DOWN recessed wall light LOGS IN is equipped with one ultra-modern, powerful COB LED which emits its warm white light indirectly. Thus it is ideal for glare-free lighting of stairs, staircases and rooms. The LOGS IN is infinitely dimmable and completely flicker-free due to the dim-to-warm function. Due to the incorporated constant current LED driver, placed within the canopy, the electrical connection is made directly to 230V mains supply.
