

FLATT SENSOR

Outdoor LED surface-mounted wall light, 3000K, IP65, anthracite/brown

Do you want a wall light that is easy to install? It should have at least an IP65 rating and thus be dustproof but also protected against jets of water from various directions. Our FLATT WL is IP65 rated and is ideal, for example, to light up a surface, a path or even a terrace. Thanks to the integrated movement sensor, these lights are a simple way to provide safe illumination. Are you looking for a fantastic light for an outdoor area? That's what you will get with the integrated premium LED in the FLATT POLE 65 free-standing lamp. What's more, as part of the SLV family, the FLATT POLE 65 offers you plenty of other benefits too. We have been successfully designing lights for 40 years and are constantly raising the bar both for ourselves and our products.
