SIMA SENSOR

Indoor LED wall and ceiling-mounted light 3000 K square

This allows you to opt for sustainable lighting indoors too: Sima is one of the SLV lights that is partly made using recycled plastics (PCR). It is also a shining example of how quality and high durability can be combined in the most environmentally friendly way possible. The white wall and ceiling surface-mounted light with its solid and flat construction, high colour rendering index (CRI >90) and dimmable warm-white light (3000 K) has a strong look, which can be sustainably used in both the private and commercial sector, especially in entrance areas, corridors and basements. And let's not forget the LED sensor, which reliably detects every movement. The light duration and sensitivity can be adjusted individually. The spacer makes it also suitable for cable surface mounting.

TECHNICAL DATA

Item no.	1005088
IP Code	IP44
Impact resistance class	IK 02
Number of through-wires	12
Primary nominal voltage	220-240V ~50/60 Hz
Secondary power / voltage	320 mA
Safety class	II
Wattage	24 W
Minimum ambient temperature	-25 °C
Maximum ambient temperature	40 °C
Lumen	2200 lm
Colour temperature	3000 Kelvin
Beam angle	120 °
Color	white
CRI	90
Service life	30000 h
Risk Group	1
Length	30 cm
Width	30 cm
Height	5.8 cm
Net weight	1.326 kg
Gross weight	1.494 kg
