

NUMINOS® L

Honeycomb diffuser

Do you want to put together individual solutions from a variety of downlights, wattages, luminous intensities and colours, semi-diffuse angles and other features? And with a uniform lighting and design concept? The NUMINOS® lighting system, which can be freely configured and combined, offers over a thousand possibilities. Like this diffuser, which, with its honeycomb grid, ensures that the light emitted is perceived with less glare and the light cone is limited. When will you choose SLV's modular variety?
