EASYLIGHT 1500 135 835/840/850 WB WH ML EM 3H Trunking System 1500MM

The EASYLIGHT Trunking System is a linear luminaire with a length of 1500 mm, designed for indoor use. It is particularly suitable for flexible lighting in commercial and industrial environments where modular lighting systems are required. The housing is made of aluminium, combined with PMMA as a cover, and offers an IP20 protection rating as well as an impact resistance class of IK06. The luminaire provides a variable luminous flux between 5000 and 14,000 lumens and has a declared lifespan of 100,000 hours. With a slim design of approximately 6.8 cm in height and 6.5 cm in width, the system can be installed space-efficiently and integrated into trunking track systems. The luminaire is available in various colour temperatures to meet different lighting requirements.
