

LEDSTRIP CONNECTOR SMD | DIRECT RGBW S

LED STRIP CONNECTOR SMD, DIRECT RGBW S, clear

The connector from the LEDSTRIP CONNECTOR product line is designed for connecting LED strips and is particularly suitable for indoor installations with an IP20 rating. With compact dimensions of 1.98 cm in length, 1.26 cm in width, and 0.62 cm in height, it allows for space-saving installation. The product is available as an SMD version with DIRECT RGBW S marking and supports a simple and secure connection of RGBW LED strips. Due to its protection rating, the connector is intended for dust-protected, dry environments and provides a reliable electrical connection without additional protection against moisture or mechanical impacts.
