

LEDSTRIP CONNECTOR SMD | DIRECT TW S

LED STRIP CONNECTOR SMD, DIRECT TW S, clear

The connector from the LEDSTRIP CONNECTOR product line is designed for the electrical connection of LED strips and is suitable for indoor use with an IP20 protection rating. With compact dimensions of 1.98 cm in length, 1.26 cm in width, and 0.62 cm in height, it allows for discreet installation. The product is specifically designed for the simple and secure connection of SMD LED strips and supports reliable power transmission. Due to its protection rating, the connector is touch-protected but not resistant to water or dust. It is therefore ideal for applications in dry, protected environments such as residential or office areas.
