

LEDSTRIP PROFILE SURFACE | M

LED STRIP PROFILE SURFACE-MOUNT

The surface-mounted profile is designed for the installation of LED strips and is suitable for indoor use, for example in residential and commercial environments. The profile is made of aluminium and features a polycarbonate diffuser that ensures even light distribution. With a length of 200 cm, a width of 2.3 cm, and a height of 2.15 cm, it allows for flexible and discreet installation. The product is part of the LEDSTRIP PROFILE product line and provides a stable mounting solution for LED lighting systems.
