LEDSTRIP PROFILE CORNER | S

LED STRIP PROFILE SQUARE, S, white

The CORNER S corner profile from the LEDSTRIP PROFILE product line is a slim mounting system measuring 200 cm in length with a width and height of 1.85 cm each. It is made of aluminium and polycarbonate, ensuring a stable yet lightweight construction. The profile is designed to accommodate LED strips and is particularly suitable for indoor use where discreet and precise light guidance is required. The combination of materials provides good protection for the LED modules and allows for easy installation on corners or edges.
