LEDSTRIP PROFILE CORNER | M

LED STRIP PROFILE SQUARE, M, white

The LEDSTRIP PROFILE CORNER SQUARE, M, white is a lighting profile designed for the installation of LED strips in corners. It is suitable for indoor use to install LED lighting solutions neatly and securely. The profile is made of aluminium and features a polycarbonate cover that protects the LED strip and ensures uniform light distribution. With a length of 200 cm and a width and height of 3 cm each, the profile has a slim design that allows for unobtrusive integration into various installation scenarios. The construction is designed for easy mounting and provides stable fixation for LED strips in corner areas.
