

LEDSTRIP PROFILE RECESSED PLASTER | XS

LED STRIP PROFILE RECESSED, plaster, XS

A recessed profile for LED strips, suitable for integration into plaster walls or ceilings. The profile is made of aluminium and features a polycarbonate (PC) cover that ensures even light distribution. With a length of 200 cm, a width of 5.25 cm, and a height of 1.4 cm, it is specifically designed for slim recessed applications. This profile allows for a clean and discreet installation of LED light strips and is particularly suitable for indoor use where a subtle and linear lighting solution is desired.
