

LEDSTRIP END CAPS SURFACE | XS

LED STRIP END CAPS, SURFACE-MOUNTED, XS, white

End caps for LED strips, suitable for assembly. These end caps are made of polycarbonate and feature compact dimensions. They are used to terminate LED strips and allow for a clean, secure installation. The dimensions are approximately 1.30 cm in height, 0.62 cm in width, and 0.60 cm in depth. The product is available in white and belongs to the LEDSTRIP END CAPS product line. The end caps are designed for use in electrical installations where LED strips need to be terminated and protected.
