

LEDSTRIP END CAPS TILES | XS

LED STRIP END CAPS, Tile, XS

End caps made of polycarbonate (PC) for LED strips, specially suitable for tile applications. The compact dimensions of approximately 1.24 cm width, 1 cm depth, and 1.32 cm height enable discreet installation. These end caps serve to protect and provide a neat finishing seal for LED strips in installations where precise and secure fastening is required. The robust plastic design ensures long-lasting mechanical stability in use.
