

LEDSTRIP END CAPS CORNER | S

LED STRIP END CAPS, CORNER, S, white

End caps for LED strips, specially designed as an angled version in the „S“ variant. These components serve to securely and neatly finish LED strips in indoor applications, protecting their ends and ensuring a clean appearance. The end caps are made of robust polycarbonate and have compact dimensions of approximately 1.84 cm in width and height with a depth of 0.7 cm. They are suitable for easy installation on LED strips and ensure stable attachment at the corners of LED installations.
