

CONNECTION BOX

round, IP68, 4x 5-14 mm cable diameter

The IP68 connection box is supplied screwable (FDM 3) and suitable for all cable assemblies, both in-ground as well as outdoors. They were developed specially for small to medium diameter cables (5-14 mm) and are very easy to install without any special tools. These can easily be opened and thus used and installed again and again. There is considerable cost reduction resulting from the associated reusability of the connection box. The connection box is particularly competitive with its advantages over conventional products prevalent in the market and is extremely popular both with telecom companies as well as with electrical installations. Particularly noteworthy is the resistance to soil acids and rotting. Thus, the connection box can also be used in the soil.

TECHNICAL DATA

Item no.	229269
IP Code	IP 68
Nominal voltage	230V ~50Hz V
Safety class	II
Color	yellow
Length	16 cm
Diameter	7.2 cm
Net weight	0.147 kg
Gross weight	0.155 kg
