

ENOLA ROUND S

outdoor LED surface-mounted ceiling light anthracite

The ENOLA SQUARE and ROUND series of puristic luminaires consist of a cylindrical or square aluminium construction, and are equipped with powerful LEDs. The light colour can be switched between 3000K and 4000K during installation using the built-in CCT. Because of the built-in LED driver, the electrical connection of the luminaire is made directly to a 230V mains voltage supply. In order to cover as wide a range of uses as possible, single and double headed wall lights and ceiling lights are available in round and square version in various sizes. This luminaire contains built-in LED lamps.
