

DIN DIMMER | ZIGBEE 3.0

DIN DIMMER, ZIGBEE 3.0, blue

The DIN dimmer Zigbee is a lighting control device designed for installation in distribution cabinets or flush-mounted boxes. It enables trailing edge phase-cut dimming of compatible light sources and is controlled via the Zigbee 3.0 wireless protocol, allowing easy integration into smart home systems. The housing is made of polycarbonate (PC) and, with compact dimensions of 6.6 cm length, 1.8 cm width, and 9 cm height, is designed for mounting on standard DIN rails. The dimmer has an IP20 protection rating, making it suitable for use in dry indoor environments. This product is aimed at electrical installers and specialist retailers seeking a flexible and wireless solution for lighting control in residential and commercial buildings.

Item no.	3009285
Lamps included	No
IP Code	IP20
Dimmable	true
Dimming technology	trailing edge
Primary nominal voltage	100-240V ~ 50/60Hz
Safety class	II
Safety class	II
Color	blue
Length	6.6 cm
Width	1.8 cm
Height	9 cm
Net weight	0.06 kg
Gross weight	0.07 kg
