Description

Get the perfect lighting solution for your space with this 2 Metre
MICRO Recessed Aluminium Profile. This 9x11 mm profile is designed specifically to provide heat dissipation and prolong the life of your MICRO LED strip. The profile comes complete with all mounting accessories and end caps, making installation a breeze. Achieve the perfect linear effect when combined with a MICRO LED strip. This narrow profile is designed for a seamless, recessed look, making it an ideal choice for those who want to create a modern, minimalist look in their space.
