Description

This accessory pack for the APR-1307A shallow recessed aluminium profile is a must-have for a seamless LED lighting installation. The pack includes mounting brackets and two end caps, one with a hole punch for cable feedthrough. The aluminium profile provides heat dissipation to prolong the life of the LED strip while the shallow design creates a linear lighting effect when combined with LED strips with more than 196 LEDs per metre. Make sure your installation is easy and efficient with this accessory pack.
