DESCRIPTION

Enhance the look of your LED lighting with the 2 Metre Standard
Recessed Black Aluminium Profile. This high-quality profile measures 14x25mm and is designed to dissipate heat from your LED strip to prolong its life. The profile includes all necessary mounting accessories and end caps, making it easy to install. When combined with a LED strip with more than 120 LEDs per metre, this profile will provide a linear lighting effect that is sure to impress. Upgrade your lighting today with this sleek and durable black aluminum profile.
