Description

The Accessory Pack for APR-2635B includes everything you need to mount your modular recessed aluminium profile. The pack includes mounting brackets and two end caps, one of which has a hole punch for cable feedthrough. With the included accessories, you can join lengths of profile together to create one continuous length, making it ideal for a wide range of lighting applications. Whether you're looking to dissipate heat from your LED strip to prolong its life, or you want to achieve a linear effect with more than 60 LEDs per metre.
