Description

Get a clean, seamless lighting solution with our 2 Metre MICRO Trimless Aluminium Profile. With a compact 13x52 mm size, it's perfect for the MICRO LED Strip range. The profile includes all necessary mounting accessories and end caps to ensure efficient heat dissipation, extending the life of your LED strip. The Trimless/Plaster-In design allows for a smooth, integrated look when plastered into walls or ceilings. Achieve a linear lighting effect with LED strips featuring over 120 LEDs per metre.
