Description

The Accessory pack for APT-2114A is the perfect addition to your
Standard Double-Width Trimless Aluminium Profile. This pack includes mounting brackets and two end caps, one of which features a hole punch for cable feedthrough, ensuring that your installation is neat and organized. Essential for heat dissipation of the LED strip, prolonging its life. The Trimless/Plaster-In range is recessed, designed to be plastered into the wall or ceiling to create a clean, seamless finish along an edge. The linear effect is achieved when combined with an LED strip with more than 120 LEDs per metre.
